

What is QRA™?

Quantum Reflex Analysis™

The Breakthrough Healing Science of the 21st Century

An Accurate, Rapid Testing and Self-Treatment System That Really Works

- ❖ **What is QRA™?** QRA™ (Quantum Reflex Analysis) is a unique, highly effective system of testing the bio-energetic status of the body's key organs and glands using a university-proven muscle testing technique of medically accepted reflex points. During a QRA™ session, your practitioner will test key points on the surface of your body to determine their status.
- ❖ **How can QRA™ help me?** Using QRA™, your practitioner can quickly pinpoint problem areas and determine the precise nutrients and the exact amounts needed to rapidly restore the ideal cellular resonance for that area.
- ❖ **What is an IF?** IF stands for “interference field”. An IF is an area of the body where there has been previous trauma such as an old scar or a whiplash from a car accident. Even though a trauma may be very old and is no longer painful, it can still act like a powerful short-circuit of the body's natural energy flow to a specific organ or gland, thus creating many problems – often unresolvable even with many types of treatment.
- ❖ **Do you have hidden IFs?** IFs are extremely common and are routinely missed on standard practitioner evaluations. Often, the root cause of many problems is due to hidden IFs. Now QRA™ can quickly identify if you have IFs and how to eliminate them.
- ❖ **Eliminating IFs.** For the first time in history, QRA™ delivers an easy, self-administered method to permanently eliminate IFs and the cascade of problems they cause.
- ❖ **Thimble or Wheel Barrow?** Once your active IFs are eliminated, a thimble full of nutritional supplements can now deliver what a wheel barrow full previously could not. Once the “short circuits” in your biofield (the IFs) have been erased through QRA™, the body can return to its ideal cellular resonance and most ideal health.

EXPERIENCE THE QRA™ DIFFERENCE FOR YOURSELF!
